Balance Sheet Statement
Submitted to the Najim Foundation

The Lone Star chapter of the Cystic Fibrosis (CF) Foundation is an operating unit of the CF Foundation rather than a stand-alone organization. Therefore, the CF Foundation does not maintain or report balance sheets on individual chapters because the financial assets (e.g. cash, receivables, etc.) and liabilities (e.g. accounts payable, etc.) are centrally maintained and reported for the entire organization rather than at a business unit level.
