## REPORT INFORMATION

<b>Report Funding Cycle:</b> 2018 July Cycle	<b>Report Date:</b> 06/24/2019 12:00 am
---	--

**1: Please include in your report the dollar amount of the funds that were awarded, the date they were funded and what the funds supported.**

Awarded Amount: 120,000	Date: 08/17/2018
-------------------------	------------------

**2: Were the objectives cited in your original proposal met? Please address each started objective and how it was met.**

The primary objective of the Winston School San Antonio's Tuition Assistance Program (TAP) is to provide financial assistance to meet the needs of qualifying low-income students with learning differences so that we may provide them with the tools necessary to succeed academically, socially, and emotionally. Through low teacher-to-student ratios, unique classroom strategies, adaptation of curricula to individual students, and multi-modal classroom activities, the students who were recipients of tuition assistance funds were able to find success in and out of the classroom during the 2018-2019 academic year. Winston administration observed these students engaging in extracurricular activities, participating in class discussions, and making significant progress in many different academic areas. This is true across both the academic year and summer school program. For the summer program specifically, Winston was able to meet the goal of extending admission to a higher number of students from low income families than ever before. By exposing these students to programs that are tailored to their ability, Winston administration continues to observe the children growing in their self-confidence each day.

**3: Please explain any changes from the original proposal and the circumstances that lead to the modification of the objective.**

There were no changes from the original proposal. All funds designated for academic year tuition assistance were used as proposed in the application. Winston's summer program, for which \$30,000 was allocated, is still ongoing. The designated funds are being used to offset the cost of attending this program for students across San Antonio who come from modest means.

**4: What needs were addressed?**

Through the Tuition Assistance Program and the support of donors like the Najim Family Foundation, Winston was able to address the academic needs of students from low income families; this includes an integrated, whole-child educational focus with academic remediation, individualized instruction, development of a child's social and emotional needs, and encouragement of family support. The students enrolled in this program may otherwise never receive this necessary educational attention. By meeting the needs of both academic year students and summer program students, Winston administration has observed marked improvement in each child.

**5: What method of evaluation did you use to monitor and measure the project's outcome and what are the result?**

Students enrolled in the full academic year who are recipients of funds from the Harvey E. Najim Family Foundation participated in a pre-test/post-test format using a norm-referenced measure known as the Wide Range Achievement Test (WRAT). Winston administration evaluated the results to determine the progress of individual students. The full report, including scores and commentary from administration, will be emailed to the foundation upon submission of this evaluation. The results of the scores from the WRAT indicated that students who were recipients of the funds each showed measured improvement in academic, social, and emotional well-being.

For summer school students who are recipients of the funds, each child will be formally evaluated by their summer instructors at the conclusion of the program. Results will be shared with your foundation as soon as they are available. Additionally, at the completion of the program, we will solicit feedback from families through a formal survey process.

**6: Do you plan to continue this project, and if so, how do you plan to sustain it?**

Yes, Winston plans to continue this project. The entire Winston community strongly values the Tuition Assistance Program. Our Board of Trustees, Headmaster, Tuition Assistance Committee, and Office of Advancement collaborate on a plan each year that follows the Financial Resources Development section of the school's Strategic Plan to determine need, budget accordingly, and solicit support. This process is ongoing, to ensure that all families requesting assistance are considered.

**7: Please provide any other comments of information relevant to this grant.**

The community of The Winston School San Antonio sincerely appreciates the continued support of our students through gifts to Winston's TAP. The generosity of donors like the Harvey E. Najim Family Foundation helps make the hope of a brighter tomorrow accessible for San Antonio students with learning differences.

**8: Please provide an updated detailed projected budget with expenses for the received grant. Also include the totals for the budgeted and actual amount. Explain any discrepancies between the budgeted and the actual expenses for the project.**

<b>Line Item Description</b>	<b>Total Project Funds Allocation</b>	<b>Najim Requested Funds</b>	<b>Project Funds Actual</b>	<b>Najim Funds Allocation</b>
Tuition Assistance for Academic Year	\$400,000	\$90,000	\$400,000	\$90,000
Tuition Assistance for Summer School	\$30,000	\$30,000	\$25,000	\$25,000
<b>TOTAL:</b>	<b>\$430,000</b>	<b>\$120,000</b>	<b>\$425,000</b>	<b>\$115,000</b>
