# **Program / Project Title:**

To support CreativKids SA, formerly Beth-El Food and Fun Summer Day Camp, for low-income children in the SAISD area.

Harvey E. Najim Charitable Foundation Priorities:		
Education		
Education Priorities:		
Elementary to High School		

## **Program / Project Description:**

Camp is now in its twelfth year, and as we have grown, our program has as well. Though feeding our population is still our number one priority, each year we have expanded our educational goals as well. We continue to partner with the San Antonio Food Bank, who provides 2 meals a day to our campers, most of whom are from food insecure families and depend on the federal free lunch program during the regular school year. Our building is located in the midst of a food desert area at San Pedro and W. Ashby. The SAISD schools in our area are Beacon Hill Elementary, Agnes Cotton Elementary, Mark Twain Middle School, and Thomas Edison High School. Additionally, we serve the students of other nearby schools including Hawthorne, Woodlawn, Rogers, Madison, Austin Academy, and Wheatley. Last summer, due to Covid, we had to adjust. We offered two meals per day plus a bagged activity with detailed instructions for each child. Parents/guardians drove up to the building, and we handed the materials to them through their car windows. It wasn't as ideal as an in-person camp, but parents and children alike were very grateful. We hope to have a full camp this summer, but if Covid numbers are still high, we will once again adjust.

Last summer, we served approximately 150 unique children nearly 1,564 meals along with almost 1000 activity bags. We also delivered leftover meals and activities to families who had no transportation, twice a week. Additionally, we partnered with Catholic Charities to provide another 20-30 meals and activities a week to children they serve.

If we are able to hold an in-person camp this year, we hope to again partner with the San Antonio Library, who sends a librarian several times over the summer to read to, and with, our children; and we hope to continue our partnership with the McFarlin Tennis Center, so that our kids can benefit from learning a new sport when they go to classes there twice a week. Our volunteers earn hours toward the Presidential Service Awards, and several in the past have earned enough for the top level medal each year. Many teens start out with us to earn their community service hours for school but end up staying the entire summer because they gain so much from being there. Each year, our number of volunteers from the community grows as campers age out of the program and want to come back to serve others in their neighborhood.

This program serves a huge need in the downtown community, and the parents, grandparents, and guardians of our children are so grateful for it. Many have said that they do not know what they would do if it were not for this summer program, and when we survey them at the end of each year, the one complaint we get is that they wish it lasted longer. CreativKids SA also gives our congregation the opportunity to fulfill our goal of "tikkun olam," the Jewish commandment to "repair the world." Many of our members volunteer to do special activities such as weaving, cooking special foods, making travelogues, teaching rocketry, and more with our campers, and the volunteers always get just as much out of doing this as the kids do!

Your funding has helped us immensely over the years, and we hope we can depend on you again to help us serve our families. We hope to be able to continue to get better and better each year as we teach the children about healthy eating and exercise while having a fun time in a safe environment as we have been doing, thanks especially to the Najim Foundation.

#### **Evaluation Plan:**

At the end of each summer, we evaluate our program through the number of children served, surveys filled out by parents, interviews with each of our counselors, and feedback from our volunteers. We strive to make this program better each year. We keep several records: the Food Bank forms detailing number of meals served, sign-in and sign-out sheets for our campers, parent/guardian information, and a weekly spreadsheet with all pertinent information from the week on it. We pore over these looking for ways to constantly improve. Parents have given us nothing but positive feedback, and we hope that also continues.

## Plans to sustain project beyond the term of this request:

This year we have submitted several grant requests and are continually looking for new ones. Our synagogue members continue to be generous supporters of camp through volunteerism and some donations. Because we depend on grants and fundraisers, we are working on connections throughout the year and applying wherever we fit. The Najim Foundation has been our greatest financial contributor since our beginning, and we appreciate all you do, not only for us, but for so many worthwhile community projects.
