Mission Statement:

CAMP strengthens and inspires individuals with special needs - and those who care for them - through Recreation, Respite, and Education.

PROJECT INFORMATION

Program / Project Title:

To support the 2020 Campership Project for Children with Special Needs.

PROJECT TIMELINE

Start Date	End Date
05/24/2020	08/07/2020

Harvey E. Najim Family Foundation Priorities:

Disabilities/Special Needs

Program / Project Description:

Since 1979, CAMP has embodied the founding principle that any person with a disability, especially a child, should be afforded the same opportunities to participate in social and recreational activities as an individual without a disability. CAMP serves individuals with mild to severe disabilities, with diagnoses such as: Autism Spectrum Disorder, Intellectual Disability, Down syndrome, Cerebral Palsy, Traumatic Brain Injury, Spina Bifida, visual impairment, and hearing impairment. Many campers who attend CAMP do not have the option of going to other camps, including "special needs camps," due to the severity of their disability or medical condition.

While living with a disability or medical condition encompasses obvious challenges for the individual, the challenges do not end there - they extend to the entire family. According to the U.S. Census Bureau's, 2013-2017 American Community Survey five year estimates show that, in Bexar County alone, 24,907 children ages 5 to 17 live at home (not institutionalized) with an ambulatory, cognitive, hearing, or vision disability. Caregivers often experience frustration, stress, depression, isolation, high divorce rates, mental and physical health issues, guilt, blame, and reduced self-esteem. The U.S. Census Bureau found that in 2019 4.1% of Texans under the age of 18 had a disability. However, in Bexar County, 5.3% of children under the age of 18 are reported to have a disability with 58% identifying as Hispanic.

The cost of raising a child with special needs is far greater than raising a child without a disability. According to the U.S. Department of Agriculture, the cost of raising a typical child to the age of 18 is roughly \$240,000. Autism Speaks estimates that the lifetime cost for an individual with autism and/or intellectual disability averages \$1.4 million to \$2.4 million. Children with special needs often have medical, therapeutic, pharmaceutical, respite, and caregiver expenses. These expenses do not include the equipment that is needed for families and homes for the children to function comfortably.

It is estimated that 28% of U.S. children with disabilities live below the federal poverty threshold, as contrasted with 16% of children without disabilities. At CAMP, 20% of our campers' families have annual earnings below \$30,000 and 40% are considered low-to-moderate income. For many of our campers, attending CAMP would not an option due to the cost being a barrier.

Additionally, there are limited options individuals who have significant needs or who are considered medically fragile to share "typical" experiences such as summer camp with their siblings. Due to a lack of organizations who are equipped and designed to serve this population in South Texas, there is a significant gap in organizations that support the entire family with social, respite, and recreational opportunities. These experiences are critical for the individual but are equally important for the health and balance of the entire family.

CAMP addresses these challenges by offering a summer camping program consisting of nine distinct one-week residential sessions at our 55-acre, 300-bed capacity camp in Center Point, Texas. Individuals with special needs, and their non-disabled siblings, participate in traditional camping activities such as swimming, horseback riding, canoeing, archery, outdoor cooking, paintball, music recreation, nature discovery, arts & crafts, and a CAMP dance. CAMP alleviates the medical, physical, developmental, social, and intellectual barriers for campers by adapting all of its recreational and social activities to allow full participation. While their child is at CAMP, parents receive much needed respite from the rigors of their 24/7 care giving responsibilities. They have an opportunity to relax, reconnect, and focus on their own self-care. In many cases, the time their child is at CAMP is the only break they receive all year.

The requested funds will be used for the 2020 Campership Project, addressing the needs of families wishing to send their children with special needs to Camp CAMP, but do not have the financial means to pay the full cost. The project helps fill the shortfall between the amount parents can afford to pay and the actual cost of \$1,700.

During the summer of 2019, 703 of the 836 campers (84%) who attended Camp CAMP requested financial assistance in the form of Camperships, totaling \$475,398. Of the 152 children from Bexar County who attended, 130 requested financial assistance and would not have been able to attend CAMP had the Campership Project not been available.

Evaluation Plan:

CAMP evaluates our programs annually to make improvements and ensure we are working to the best of our ability to meet the needs of the community. Surveys are provided to parents and caregivers at the end of each program, and families are asked to provide an evaluation to share CAMP's impact and how beneficial the financial support was to their family. In 2019, of the parents who responded, 92.8% of the parents who received financial support agreed, or strongly agreed, that the Campership Project was beneficial to their family.

Plans to sustain project beyond the term of this request:

CAMP is committed to ensuring the success of the Campership Project to provide on-going support for those in need. Financial support for the 2020 Campership Project will come from individuals, foundations, and corporations. Annually, CAMP develops a diverse financial development plan focused on board giving, designated appeals, foundation support, special events, program service fees, and contributions from individuals and corporations. We will continue to solicit gifts from other philanthropic members of our community who support individuals with special needs to fulfill the budget requirements for this program.

Children Impacted:

How many unduplicated children will the TOTAL PROJECT INITIATIVE impact?	How many unduplicated children will NFF REQUESTED FUNDS impact?
152	100

Please provide the percentage of each group below that will be served by the project in which funds are being requested. Do not leave any area blank. If that specific group will not be served, include zero. The percentage should total 100%.

A. Population Served Age		B. Population Served Ethnicity	
Infants (0-5)	1%	African American	9%
Children (6-13)	50%	Asian American	3%
Young Adults (14-18)	49%	Caucasian	39%
TOTAL:	100%	Hispanic/Latino	42%
		Native American	1%
		Other and Define	6%
		TOTAL:	100%

Methodist Helathcare Ministries (Family Retreats)	\$97,450
Ability Experience (Facilities Improvement)	\$5,000
TOTAL:	\$102,450

BOARD OF DIRECTORS

What percentage of your board contributes financially to the organization?

100%

If Board giving is not at 100%, please explain why?

How are board members expected to participate in your organization?

CAMP's Board of Directors currently consists of 16 members dedicated to annual fundraising, strategic planning for the next five years, advocacy, strategic nomination of future board members, and governance. The Board was instrumental in the completion of a capital campaign that built a new healthcare center, camper cabin, and arts & crafts pavilion at Camp CAMP, which opened in 2019.

LIST OF BOARD DIRECTORS

Name & Office Held	Corporate Affiliation
Ken McConnell, President	Seguin RV
Bernadette McKay, Vice President	Deputy City Attorney (Retired)
